PRINCIPAL'S MESSAGE

Mr Chris Brackenreg

TERM 3

Welcome back to Term 3. A busy term continues and it is already the end of Week 4. We have had Science Week this week and we will launch straight into Book Week next week with an array of activities planned for the week:

Monday August 19

Books and Blankets– Join us for a family picnic at 12.40pm on the oval. Bring your favourite books, spread a blanket, enjoy some lunch and read some stories with your children. All family members are welcome to attend.

Tuesday August 20

School Activities

Wednesday August 21

Book Week Parade– The parade starts at 9am sharp, parents are more than welcome to join us. Students can dress up as either their favourite book character or according to this year's theme "Reading is my Secret Power".

Thursday August 22

School Activities

Friday August 23

A live performance for students that attend school on this day. Permission slips have been sent home regarding this incursion. Spare notes can be picked up from the office.

HOUSE ATHLETICS CARNIVAL – Week 7

Our much awaited house athletics carnival will be held on Wednesday 4 September in Week 7 this term. It will consist of events including running, throwing, jumping and catching so the students can showcase their talents after the many hours of training and practising as part of the physical education program here at school. Lowes have plenty of stock of the house shirts and students are required to wear these on the day – if you are unsure of your child's house colour please contact the office. Following this the school will participate in the Interschool program with surrounding schools. Details about both carnivals will be sent out closer to the dates as we finalise details and timings for the carnivals.

DATES TO REMEMBER

- Aug 19** - Book Week begins
Family picnic at 12.40pm
- Aug 21** - Book Week Parade
Assembly
- Aug 22** - Community Forum
9.00am - 10.30am
- Aug 23** - Book Week
Performance
- Aug 26** - Board Meeting
- Aug 27-28** Father's Day Stall
- Aug 28-** Maali 4 Assembly
- Aug 29-** Student Leaders
Excursion to Parliament
- Aug 30-** Father's Day Breakfast
- Sep 4-** Athletics Carnival

TERM DATES 2019

To assist parents with planning for the year the 2019 Term dates are below. All term dates for the current year and future years are available on the Department of Education website: www.det.wa.edu.au/education/termdates/

Term 3 Monday 22 July – Friday 27 September

Term 4 Monday 14 October – Thursday 19 December

Remaining School Development Days

Friday 1 November and Friday 20 December.

ENROLMENTS FOR 2020

We would like to remind all of our families that the Department of Education's official enrolment program for 2020 have closed. Given that we are a new school with houses still being developed around the school, 2020 enrolment applications remain open. To gain a place at Aveley North PS, an Application for Enrolment Form must be completed. If you missed this enrolment date or know of families who have not yet enrolled a primary school aged student, then they must do so soon or face the possibility of missing out on a place at our school for 2020. Enrolments can be done at our front office as places are still currently available. Ideally, we wish to establish class structures well in advance so we would appreciate notification ASAP if your intention is for your child to attend Aveley North PS.

CANTEEN

The cooler weather is here so why not treat your child to a warm lunch order or tasty recess treat. The canteen has a menu item to suit everyone. The canteen is open twice a week at this stage on Wednesdays and Fridays. They are also offering coffee and tea to parents prior to the assembly each fortnight. It is great to be able to offer a canteen service in a new school and your support of this is greatly appreciated. Orders can be placed through the Flexischools app as an added convenience to parents.

MAX NEILL

We would like to congratulate Mrs Katrina Neill and her husband Cam, who welcomed a beautiful baby boy to the world on Wednesday 31 July. Max surprised his parents by arriving a little earlier than expected. We wish them all the best as they get to know their little one and adjust to parenthood and being a family of 3.

STUDENT ASSEMBLY AWARDS

OUR WEDNESDAY STUDENT ASSEMBLY

Honour Certificates were presented to these students at the Assembly.

REMINDER: EARLY CLOSE EVERY WEDNESDAY AT 2.30PM

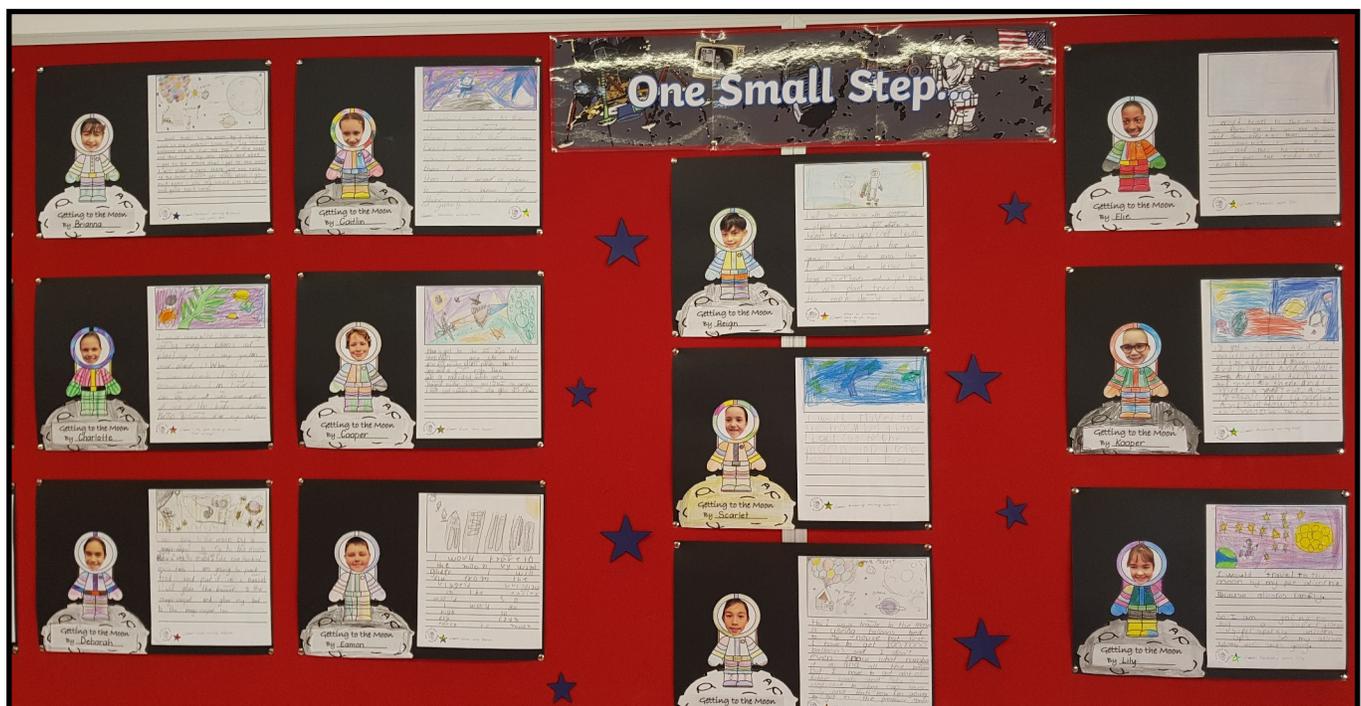

SCIENCE WEEK

This week is National Science Week. Due to this year being the 50th anniversary of the first moon landing, this year's theme is Destination Moon. Leading up to Science Week, classes have been working hard to think about the different aspects of a Moon journey including how to get to the Moon, what you would do on the Moon, and how you might survive on the Moon.

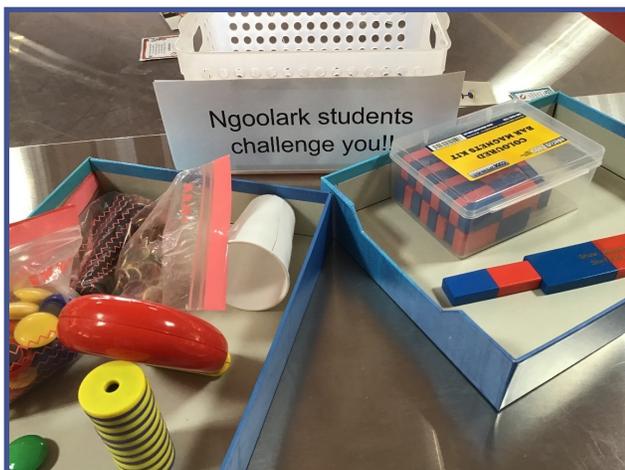

In addition, all block wet areas have been decorated and filled with exciting activities that all students have had a chance to participate in. From galaxy playdough in Maali to the design of shock absorption systems in Kooyar, we have had a range of activities for students to exhibit and let others try.

We hope everyone had a fabulous time and enjoyed all things Science.

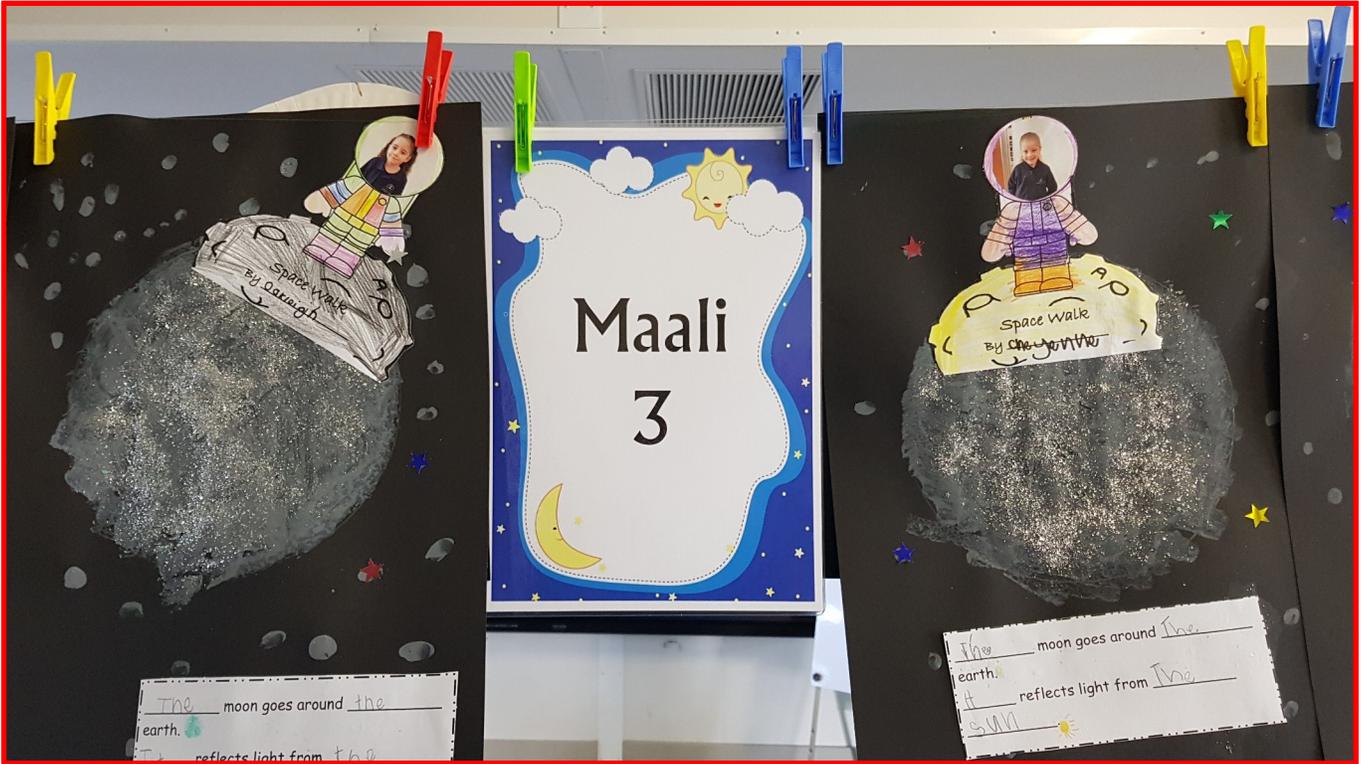

The highlight of Science Week was our Night Under the Stars, held in conjunction with the Perth Observatory. More details on the evening can be found further in this newsletter.

The students from the Ngoolark block have done some work that is out of this world!

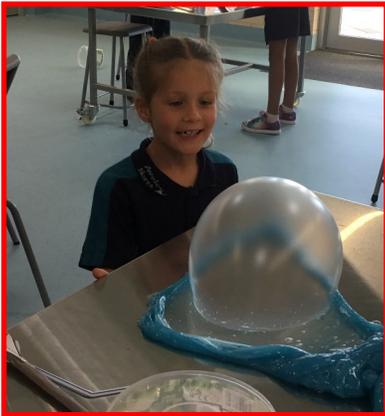

SCIENCE WEEK

The intergalactic display from our Maali students.

SCIENCE WEEK

Students from the Yongka block shared some slimy fun with their school friends.

SCIENCE WEEK

The students from Kwenda had a blast with these great activities.

SCIENCE WEEK

Kooyar students reached for the stars with their activities.

A NIGHT UNDER THE STARS

Last night, in conjunction with the Perth Observatory, Aveley North Primary School hosted A Night Under the Stars. The skies cleared and we were treated to some spectacular sights. Through the telescopes we were able to see the Moon and it's craters, Saturn and it's rings, Jupiter and 3 of it's 79 moons and some "young" nebulas which are actually 14 million years old. A great night was had by all.

A huge thank you to the P&C who warmed our bellies with their delicious hot soup.
